

MYRON KIMNACH LIFETIME ACHIEVEMENT — REASONS FOR HONOR AWARDS

15 August 2016

The Myron Kinnach Lifetime Achievement Award honors those individuals who have made sustained and substantial contributions to the botany and cultivation of cacti and other succulent plants, through both scholarship and service to the hobby, for at least four decades of their adult lives. Only those individuals previously recognized as Cactus and Succulent Society of America Fellows for at least ten years, and who have continued to make significant contributions, are eligible for this additional honor. Recipients will receive an engraved plaque that states the reason the Society has granted the recognition. Additionally, an article describing their accomplishments will appear in a periodical of the Society.

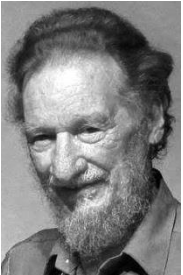

As of 15 June 2015, 6 Myron Kinnach Lifetime Achievement Awards have been conferred by CSSA.

2015 Carter Holmes, Susan (1933–) England
